ASYMMETRIC GRAND SOFAS - SOFA

We have expanded our Asymmetric Sofa Collection to include deeper, more relaxed elements. Production has been moved to a facility in the Como area of Lombardy, a workshop we consider one of the best in the industry. The shift is apposite – while we have always structured and proportioned our sofas according to what we believe make for the most conducive configuration for conversation, we appreciate the comfort and scale of typical Italian designs. The Asymmetric Grand Sofa is influenced by those proportions but retains intimacy. There's an exaggeration of depth, but it's still subtle, and entirely BassamFellows in spirit.

Crucially, the Grand elements have been designed so they can be paired in a modular fashion with the existing Asymmetric Sofa.
