LIANA DINING ARMCHAIR - METAL

BY SISTER BY STUDIO ASHBY

COLLECTION DESCRIPTION

Sinuous and sculptural, the Liana Armchair connects two forms and textures: malleable wrought iron coaxed into loops and coils like its namesake climbing vine, beneath plush textural cushions with ribbon details that hang along cool metal legs for a playful, feminine flourish. Metal arms to rest on make this chair an ideal seat for luxuriating outside.

Solid iron, shown in our Textured Silver frame finish with the cushion in Odessa Ember and 1-metre ribbon ties.
