LIANA DINING SIDE CHAIR - CUSHION

BY SISTER BY STUDIO ASHBY

COLLECTION DESCRIPTION

Sinuous and sculptural, the Liana Side Chair connects two forms and textures: malleable wrought-iron coaxed into loops and coils like its namesake climbing vine, beneath textural cushions with ribbon details that hang along cool metal legs for a playful, feminine flourish. Designed to sit around a dining table, the chair brings together kinetic, tactile comfort and a versatility that stretches from outside to indoor spaces.Solid iron, shown in our Terra frame finish with the cushion in Sacha Linen Sky and 0.5-metre ribbon ties.
