Bagagli Dining Table
by Magni Home Collection

Contemporary
United States

The “Bagagli” (Bah-gahl-ye) Dining Table is hand crafted in Southern California. This piece was inspired by the earlier part of the 20th Century’s design and quality found in classic traveling trunks. With its fine details of stepped metal framing, visible bolt heads and exotic wood top offerings, this table reflects a sense of understated worldliness. Shown in graphite with satin eucalyptus, also available in white bronze finish. Lined storage box for leaves included.

78" L x 44" W x 29" H (without leaves)
102" L x 44" W x 29" H (with two 12" leaves)
