O R I G I N

Established in 2010, COUP STUDIO was founded by Darin Geise, inspired by his extensive travels and deep appreciation for high-quality antiques and vintage furnishings. The studio has cultivated enduring relationships with master upholsterers, metalworkers, and woodworkers, ensuring meticulous detail in each collection and reflecting an appreciation for the art of crafting collectible furnishings.

Designed by Geise, COUP STUDIO’s furniture and lighting are bench-made in California and Italy. Collaborations with artists, including exclusive pieces and limited editions, highlight a commitment to elevated design.

Geise is known for establishing COUP D’ETAT in San Francisco and Los Angeles and for his entrepreneurial leadership in the interior design industry. Coup d’Etat showrooms have been thriving for over 20 years and are premiere design destinations for luxury interior furnishings throughout the U.S.

The image shows a vast collection of butterfly specimens, likely from a museum or a large-scale art installation. The butterflies are of various species, including monarchs, glasswing butterflies, and others with vibrant colors like orange, red, yellow, and white. They are arranged on a dark, highly reflective surface, possibly a wall or a large mirror, which creates a complex, multi-layered reflection of the specimens. The lighting is dramatic, highlighting the intricate details of the wings and the overall composition. The text "MIRRORS" is centered in the middle of the image, and a smaller line of text at the bottom reads "// INFINITE BUTTERFLIES HUNDREDS AND THOUSANDS".
