

BLACKBIRD MURMURATION

BY SHARON BEALS

COLLECTION DESCRIPTION

Contemporary United States Framed print with no borders (print to edge) on aluminum. Framed Dimensions: 78'' W x 54'' H Item Number: PM-CN-BEALS-BLACKBIRD Subject Details: A blackbird murmuration is a large flock of blackbirds that fly in complex patterns, often in tight formation. From a distance, a murmuration can look like a dark cloud of smoke hanging over a field. As it gets closer, you can see that it's actually a living cloud of birds. Birds perform murmurations to confuse predators, such as hawks. Custom Options: Framed Paper Prints with Border: 29" | 38" | 60"| Available with UV Plexi or Museum Optimum. Framed Prints with No Borders (print to edge): 29" | 38" | 60" | Available with UV Plexi or Museum Optimum. Framed Prints with No Borders (print to edge) on Aluminum: Please Inquire.
