Barovier&Toso

VENEZIA 1295

CLEPSYDRA

Simmetria e ordine danno vita a composizioni brillanti, dal magico fascino, ottenute per moltiplicazione. I singoli elementi riprendono e rivisitano un design degli anni '60, presente nello storico archivio Barovier&Toso. Sinuosamente progettate per combaciare perfettamente, le clessidre sono percorse da sottili costolature, ottenute con l'antica tecnica del Rigadin. Una danza di riflessi luminosi è ciò che produce, per rifrazione, il cristallo veneziano così rigato.

Symmetry and order give rise to brilliant compositions of magical charm, obtained by multiplication. The individual elements reprise and reinterpret a design from the 1960s, contained in the historical archive of Barovier&Toso. Sinuously shaped to match perfectly, the hourglasses are crossed by subtle ribbing obtained with the age-old "Rigadin" technique. A dance of highlights, through refraction, produces this striped effect on the Venetian Crystal.
