DOMO AMSTERDAM WALL SCONCE

BY BAROVIER&TOSO

COLLECTION DESCRIPTION

Domo Amsterdam is a non-classical wall sconce. The whole collection, which includes also three chandeliers, is an elegant articulation of the classic shape that brings to mind a famous Barovier&Toso lamp: Amsterdam, whose characteristic element is the rostrum with its typical, pointed elements. Domo Amsterdam wall sconce is available with one or two lights, with three colours for the shade to choose from. The metallic parts are chrome-plated and the electric components are transparent.
