COUP D'ETAT

DUNE

BY BAROVIER&TOSO

COLLECTION DESCRIPTION

The Dune vase is a celebration of nature, a symphony of forms and textures that tells the story of wind and sand in a language made of glass. Through the art of overlaying layers, the master glassmaker shapes the glass mass, evoking the sinuous curves of natural dunes. The intricate and patient work in the "moleria" gives the piece a unique texture, made of successive grooves that reflect the waves of sand caressed by the wind. Each creation is a testament to the beauty that can emerge from the interaction between natural elements and human skill.
