

CONTERIE FLOOR LAMP

BY BAROVIER&TOSO

COLLECTION DESCRIPTION

The Conterie floor lamp draws inspiration from the porcelain jewels of the Ginori 1735 Manifattura historical archive. Its structure is composed of precious hand-crafted porcelain beads and mouth-blown Venetian crystal with different textures, the result of three different craftsmanship, ballotòn, rigadin and rigamenà. The light diffuses softly from the Murano glass cone, which takes up the symmetrical shape of the porcelain base. Like a necklace that illuminates the wearer's face, Conterie is able to illuminate the home with its delicate light.
