The Etham Dining Table features a solid wood top with a deep chamfered edge, supported by a sculptural four-leg base with a cross-stretcher. The curved legs are grounded with metal foot caps, offering a subtle contrast in tone and texture. Available in a range of wood and metal finishes, the Etham can also be ordered with a removable leaf extension for added versatility. Built with balanced proportions and clean geometry, it brings a refined presence to a variety of interior settings.
