

GEOMETRIC CHAIR

BY BASSAMFELLOWS

COLLECTION DESCRIPTION

Italy
Contemporary

The Geometric Collection from BassamFellows celebrates the sublimity of pure geometry championed by the Wiener Werkstätte and the Bauhaus. The Geometric Chair features an ergonomically shaped seat carved from solid wood and a lightweight pellicle skin of Vienna caning. The nanoceramic coated tubular steel is wrapped with natural grain leather for high touch comfort and to conceal all welds, joinery, and seams, forming a signature element that runs through the Geometric Collection. Leather wrapping also provides extra comfort and support by connecting the two structural elements of the chair's tubular steel back. The chair's seat cushion features knife edge construction and inverted seams.

CB-450 Geometric Chair
