

## KAVRN STOOL - BLACK CONCRETE #7

BY PATRICK WEDER

### COLLECTION DESCRIPTION

Contemporary  
United States

Patrick Weder's work can be best described as a blend of streamlined architectural elegance with a loose instinctual sculptural refinement. Inspired by naturally occurring forms and by pushing raw materials beyond their practical application, Patrick consistently challenges the traditional boundaries of functional design. Doing so by developing original sculpting techniques in concrete, and by juxtaposing his organic forms and sculpted concrete elements with his signature clean minimal Swiss aesthetic.

Waxed black concrete stool with pink onyx top.
