

LEATHER DESK

BY BASSAMFELLOWS

Italy
Contemporary

The writing desk is a classic piece of furniture that should marry beauty with functionality. Through proportion and craft, we created the quintessential BassamFellows version as an expression of practical luxury. The solid wood structure has a slim silhouette, with each leg and corner joint engineered to provide a strength and stability that belies its fine proportions. Legs, side members, and structural spans are reduced to their essence and carefully considered in relationship to each other. Three slim drawers, nearly imperceptible to the eye, are cut away from the structure, allowing the user to keep the desktop clear when not in use.

The Leather Desk is a joy to work with: its full hide of leather provides a practical and pleasurable surface for writing and acquires a handsome patina with repeated use.
