

LIANA DINING SIDE CHAIR - METAL

BY SISTER BY STUDIO ASHBY

COLLECTION DESCRIPTION

Sinuous and sculptural, the Liana Side Chair connects two forms and textures: malleable wrought-iron coaxed into loops and coils like its namesake climbing vine, for a playful, feminine flourish. Designed to sit around a dining table – inside or out – the Liana Side Chair brings together kinetic, tactile comfort and a versatility that stretches from outside to indoor spaces. Solid Iron. Shown with a Terra finish.
