COLLECTION DESCRIPTION

Contemporary
Italy

Inspired by the formidable Maverick waves of Northern California, known for their sheer power and challenging surf, the Maverick Collection embodies the essence of these natural phenomena. The cast bronze base design in the Maverick collection mimics the cresting waves, shaped to capture the fluid dynamics of the ocean. Crafted by skilled artisans in Italy, each piece explores the theme of independence and nonconformity, resonant with the word 'Maverick'—a term for those who stand apart boldly.

The collection is available in several sizes and finishes, offering a testament to both nature's grandeur and artisanal innovation. Tabletop options include walnut, oak, or stone, accommodating diverse aesthetic preferences.
