COUP D'ETAT

METROPOLIS SCONCE

BY BAROVIER&TOSO

COLLECTION DESCRIPTION

Metropolis is a collection that forcefully evokes the class, symmetrical and plastic forms of Art Deco, shaped by a harmonious, fluid rhythm. The light source is concealed inside the cups in opaline glass, embraced at the two ends by metal collars. The mouldings, proportions and the entire construction of these terminal parts suggest the upper structure of classical columns topped by capitals. This particular character and intense dialogue between materials is even more vivid in the elegant, essential wall model, with its own design and measurements.
