

MOBILE DUAL

BY DOUGLAS FANNING

COLLECTION DESCRIPTION

Contemporary
United States

Dual takes our signature, hand-milled blades and presents them in striking arrangements.

Highly customizable with variability of dimensions, materials and finishes, the Dual is for those seeking to illuminate with bold and intelligent design.

As with the Mobile, each blade houses a continuous strip of LEDs that emits light downward while simultaneously casting upwards, providing additional ambiance. The effect is functional, atmospheric and draws less energy than a 40-watt incandescent bulb.

Shown: Gloss White Blades and Canopy / Brushed Brass Stems
