

OURANOS II DUET

BY CHRISTOPHER BOOTS

COLLECTION DESCRIPTION

Contemporary
Australia

Expanding Christopher Boots' celebrated OURANOS collection, OURANOS II DUET creates a playful pairing of glowing quartz spheres, evoking a sense of harmony and balance.

OURANOS II DUET continues to honour the collection's namesake, Ouranos: the God of Heaven, grandfather of Prometheus, consort and son to Earth Goddess Gaia. The collection's suite of glowing spheres, hewn from quartz crystal, sweep away the mists of time, revealing artifacts of our home planet – an ode to far-flung maverick ice giant, Uranus.

OURANOS II DUET's dual composition of quartz spheres, encircled in brass, emphasize two light sources working in harmony to create a balanced and captivating illumination. The interplay of light and shadow adds depth and dimension, enhancing the luminaire's ambiance.
