

OUTSIDE IN SIDE TABLES IN WHITE - WALL MOUNTED 36"

BY PATRICK WEDER

COLLECTION DESCRIPTION

United States
Contemporary

Patrick Weder's work can be best described as a blend of streamlined architectural elegance with a loose instinctual sculptural refinement. Inspired by naturally occurring forms and by pushing raw materials beyond their practical application, Patrick consistently challenges the traditional boundaries of functional design. Doing so by developing original sculpting techniques in concrete, and by juxtaposing his organic forms and sculpted concrete elements with his signature clean minimal Swiss aesthetic.

A pair of wall mounted side tables in walnut from the OUTSIDE IN Collection. Encased with a white pigmented and waxed concrete surround.

These side tables typically include a single opening and a single drawer with one or more sculptural elements. Designed with wood legs, steel legs, or wall mounted options. Custom sizes are available.
