

OUTSIDE IN STOOL - MARBLE

BY PATRICK WEDER

COLLECTION DESCRIPTION

United States
Contemporary

Patrick Weder's work can be best described as a blend of streamlined architectural elegance with a loose instinctual sculptural refinement. Inspired by naturally occurring forms and by pushing raw materials beyond their practical application, Patrick consistently challenges the traditional boundaries of functional design. Doing so by developing original sculpting techniques in concrete, and by juxtaposing his organic forms and sculpted concrete elements with his signature clean minimal Swiss aesthetic.

The bespoke OUTSIDE IN Stools debuted at SALON ART & DESIGN 2019 in New York City. Inspired by the OUTSIDE IN Collection, the stool structure is hand sculpted with pigmented concrete and finished with a polished wax coat. Topped with a Nubuck or Velvet Cushion, or alternatively a Marble top option. Custom sizes are available.
