

## "SAN SEBASTIANO" BY PAOLO TROILO

BY COUP XX

### COLLECTION DESCRIPTION

Italy  
2014

Italian painter Paolo Troilo produces expressive, large-scale paintings using only paint and his hands. His powerful and photorealistic images of fantastic, contorted bodies inspired by the beauty of human anatomy are full of raw emotion. Using high quality black and white acrylic paint, he mixes the colors with his hands and works directly on the canvas.
