

TABLE NO. 3 - PALLADIUM

BY J.M. SZYMANSKI

COLLECTION DESCRIPTION

Contemporary
United States

A shiny and elegant take on our Table No. 3, these palladium-gilded tables are sure to be a showstopper. The delicate and temperamental gilding process ensures that each piece is unique, as the impossibly thin hammered metal sheets accentuates every topographical nuance that lies below them. While lustrous, these twin tables still manage to look aged, lending them a dignified air.
