

THE TILL

BY DOUGLAS FANNING

COLLECTION DESCRIPTION

Contemporary
United States

The blades of the Till Lighting Series are made from solid brass bar channeled top and bottom edges for LEDs. An oil rubbed bronze finish is applied to the bars and polished back the edges. The bars are then carved with tiny terraced grooves, building the grooves into patterns that carefully subtract material to reveal the solid bright color within.

Shown: Oil Rubbed Bronze with Polished Pattern
Blade Length: 48", 60", 72", 84"

Standard Drop Height: 48"
Minimum Drop Height: 24" - 26"
