COLLECTION DESCRIPTION

Contemporary

The Tributary motif is about headwaters and braided streams and also about the nature of tribute - the channeling of materials and processes into something contributory. The works are anchoring, monumental, and express movement between elements both navigable and rough, high plateaus and shallow estuaries.

Tributary Side Table No. 1 is a dual-surface piece with cast bronze uprights, a bronze lower shelf, and optional oak or walnut drawer cabinet. While conceived for the bedside, it functions as a side table and is highly customizable.
