

TRINITAS TABLE LAMP

BY BAROVIER&TOSO

COLLECTION DESCRIPTION

Trinitas is based on the Renaissance concept of three becoming one, the foundation of universal beauty. In Trinitas each component of the object blends together to create an aesthetic harmony. The Trinitas lamp is portable, rechargeable and adapts with simplicity and elegance to any environment, also making it ideal for completing a mise en place. Three mouth-blown Venetian crystal elements come together on a porcelain tray supported by a gold-plated semi-opaque metal arch. The ballotòn, rigadin and rigamenà textures present on the crystals pay homage to the Murano tradition. Available in three colors with adjustable light intensity, Trinitas is entirely handmade, making each piece unique and unrepeatable.
