

Agadir

by Barovier&Toso

Contemporary

Italy

It takes inspiration from the city of Agadir, on the southern Atlantic coast of Morocco, with its flowers, leaves and very rich spiral works. It is a collection of four chandeliers that derives from historical drawings of the Barovier&Toso archives but has been endowed with new elegant and sophisticated colors. Two models come in a reduced height (with eight or twelve arms) while the models with sixteen or eighteen arms are more suitable for high ceilings.
