## **Copernicus Coffee Table**

*by Agrippa*

*Contemporary*

*Spain*

Copernicus is the epiphany of engineering. The core of the stone has been emptied to allow for weight management. Being semi-translucent, the stone lit from below creates a beautiful ethereal effect. Additionally, the top has an incorporated mechanism that allows it to rotate 360 degrees.

Dimensions: 45.25" Dia. x 11" H

TCK-AGRIPPA-COPERNICUS

Price Upon Request.

111 Rhode Island Street, Suite 1 San Francisco, CA 94103 P. 415 241 9300
