Storage and Accessories

2009

BassamFellows believes that every component of contemporary living should be beautiful, even the items some may consider quotidian. This notion - elevating an everyday storage receptacle into a piece of functional art - inspired the BassamFellows accessories collection. The Sharp Collection is defined by its strong, sculptural forms. Taking their inspiration from an axonometric view of a simple box, the pieces are carved and sliced from a solid wood block, offering a design juxtaposition between their precise architectural shapes and the warm character of the wood. At home in almost any room, the supremely functional Sharp Series consists of a long box, a short box, and a tall box, all with lids; Think of them as modular, functional art to enliven the desktop, living room or bath.

BassamFellows believes that every component of contemporary living should be beautiful, even the items some may consider quotidian. This notion - elevating an everyday storage receptacle into a piece of functional art - inspired the BassamFellows accessories collection. By contrast to the Sharp Collection, the Soft Collection features gently turned edges, celebrating the tactile and warm nature of each piece, which is carved from a solid wood block. Items of sculpture in their own right, the series can be used individually or as part of the modular system. Consisting of a long box, a short box, each with lids, and an organizing tray, these elemental, strikingly simple storage containers add an accent of luxury to any interior.
