

COUP D'ETAT

LOST AT SEA Console
by Jake Phipps
Contemporary
London

The barnacles that adorn this chest of drawers were taken from original specimens of the *Balanus Poreatus* barnacle; collected in 1921 for the Natural History Museum, London. Their form has been 3D scanned, edited and then cast to produce a variety of shapes and sizes.

47" L x 16.5" D x 24.5" H
