

Prometheus I
by Christopher Boots

Contemporary
Australia

Prometheus stole fire from the Gods of Mt Olympus and gave it to humankind. More than the means for survival- light and technology, Prometheus' gift represented creative potential. The spark of creation, previously limited to the Gods, gave mortals the power to dream, to create, to imagine and challenge.

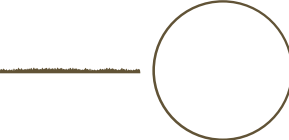

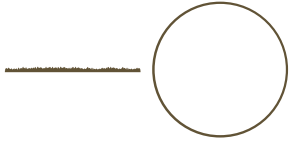

PROMETHEUS I is an ascending blaze of crystal quartz, venerating its namesake in a ring of flame. PROMETHEUS I embodies the Christopher Boots rough-luxe aesthetic and is considered a contemporary classic.
