

**Prometheus III by Christopher Boots**

*Contemporary*

Australia

Prometheus III continues Christopher's exploration of classical materials including bronze, iron, copper and quartz. All around us our world shifts with perceptions of time and space. References to Atlantis, Ancient Greece and Persia, classical worlds almost forgotten in the mists of time, remind us that worlds can disappear almost without trace. Some stories transcend time and perhaps Prometheus has come to remind us of our gifts.

CHRISTOPHER BOOTS

# PROMETHEUS III

## MATERIALS

Brass, Quartz Crystal, Copper, Iron, Polymer

## FINISHES\*

Hand rubbed brass, mirror-polished brass, dark bronze, aged or mottled patina, brushed stainless steel

## DIMENSIONS †

Available from Ø 450 - Ø 2100 mm

## WEIGHT

Starts at 5 kg

## LAMPING †

2500–2700 K LED

## DIMMING †

0–10 V
