

Rib Bench

by Konekt

Contemporary

United States

Inspired by the ribs of a whale, our Rib Bench features curved lines that are graceful, solid and strong. Hand-made in Pennsylvania with traditional mortise and tenon joinery. The sculptural bench is complemented by the arch of English bridle leather straps that are hand-stitched with waxed linen thread.

**Polished brass is left unlacquered as a live finish, in order to allow a rich, natural patina to develop over time. Lacquered finish available upon request.*
