

CB-321 Spoke Side Table in Walnut

## Spoke Occasional Tables

by BassamFellows

*Contemporary*

Italy

The BassamFellows Spoke Table was originally commissioned by a large Australian architecture firm who were looking for the perfect wooden table that would complement other pieces from the BassamFellows collection. Evocative of simple geometric line drawings, the table features a large wooden ring supported by three or four spokes (depending on size), which connect seamlessly to the outer edges. The perfect timber circle - the work of the company's master craftsmen - emphasizes the wood's grain, producing a compelling concentric effect best admired through a glass top. The table's elliptical legs achieve a slim, tapered silhouette which balances the top's sense of bold geometry. With no hard edges, the legs can appear wide or thin, depending on the angle in which you consider them. The result is a piece that balances heft and levity, an elegant and versatile table that marries architectural precision with timeless craftsmanship.
