

COUP D'ETAT

Urn #1
by Daniel Shapiro

Contemporary

United States

Part of Daniel's "Broken Vessels" series, Urn #1 imagines that the contents of the vase is too special to be enclosed. The interior brilliance becomes the defining element of the exterior's aesthetic when the 24k gold extrusions burst from the vessel. Surrounded by gold, Urn #1 stands 14" tall and 14" wide. While part of a series, Urn #1 is one of a kind.
