

COUP D'ETAT

The Chirp Floor Lamp #1 **by Daniel Shapiro**

Contemporary

United States

With a shape inspired by the sound waves of serenading crickets outside Daniel's studio on summer nights, the Chirp Floor Lamp is constructed of 30 extruded patterns, each meticulously scored, slipped, and assembled with precision, aided by laser guides.

Although every Chirp Lamp shares a common conceptual foundation, the crafting process for each piece is a distinctive journey. This results in a unique piece, marked by its individual number. Available in a variety of finishes, these lamps are customizable through commissioned orders.

Dimensions: 57.25" H x 19.5" DIA

Materials: Stoneware, Glaze, Electrical Components, and Glass

Item Number: LF-DS-CHRP-1

Price Upon Request.
