

Petra Coffee Table

by Konekt

Contemporary

United States

The Petra Coffee Table features an oval marble table top and four solid bronze legs, sand-cast from hand-formed molds. The bulbous, sculptural legs are inspired by the strong and elegant hind legs of a camel.

**The Petra table legs are made with the age old technique of sand-casting, which can produce pitting and surface variations in the metal. We see these as beauty marks that highlight the unique and hand-made nature of each piece.*

**Polished bronze is left unlacquered as a live finish, in order to allow a rich, natural patina to develop over time.*

Overall: 57.5"L x 29.5"W x 19"H

Marble Top: 54"L x 26"W x 17"H

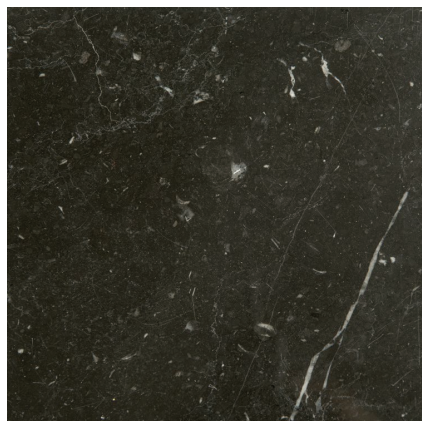

Custom marble dimensions available

Materials: *Polished Bronze legs and Marble top.
