

## **Ascension**

*by Skye Schuchman*

*Contemporary*

United States

Ascension by Skye Schuchman is a vertically scaled wall work composed of bronze domes, Nero Marquina marble, tourmaline crystals, and hand-cut Orsoni gold glass tile, framed with brass banding.

Architectural in form and richly layered in material, the piece balances mosaic precision with sculptural depth. Each brass dome can be gently struck, producing a resonant, bell-like tone that introduces a subtle acoustic dimension to the work, reinforcing its meditative presence.

**Dimensions:** 34" W x 8 1/2" D x 75" H

**Weight:** 120 lbs

**Materials:** Bronze Domes, Nero Marquina Marble, Tourmaline Points and Crystals, Orsoni Gold Glass Tile, Brass Banding and Finishing, Laminate panel.

**Mounting:** Metal French Cleat.
