Cibolo Lantern No. 1

A nod to bygone eras and frontier nights, the Cibolo series is a modern witness to storytelling, curating, and candlelight. The work is an homage to Cibolo Creek Ranch and its profoundly restored 19th century fort near the Chinati Mountains of West Texas.

The Cibolo Lantern is a petite luminaire with a cast bronze base patterned from found materials cradling a cast glass lens. The lens is available in collection glass colors and sits above a changeable bulb.
