FLORA NO. 3

What is the architecture of a flower? FLORA, a lighting collection by J.M. Szymanski, explores a flower's remarkable form. The collection is a link between nature and the built environment.

Hand-hewn iron details are produced in our Bronx, NY studio. This rich metal is combined with hand-blown glass to make an exciting material combination.

Custom sizes and colors available.

MATERIALS : blackened steel, hand-blown glass

PRICE UPON REQUEST.

SIZE : 10" D 8" H
