

Shown in etched Suede Cast Glass shade, Trailhead Cast Mineral cuff, Suede Cast Glass body, and Terra frame

Esca Table Lamp No. 2 Mixed Materials

Esca, derived from the Latin word for lure or bait, are the small luminescent organs at the tip of the dorsal ray of female anglerfish. This luminous anatomy acts as a lure to attract prey.

The Esca series expresses this underwater glow either through cast glass or skimming across cast mineral, much like an ocean floor.

The Esca Lamp No. 2 shade, cuff, and body halves are available in mixed materials (or all in the same), creating a broad palate for curation and light play.

Top detail at right: Shown in Moonscape Cast Mineral shade, Clear Cast Glass cuff & body, and Lucent frame.

Bottom detail at right: Shown in Trailhead Cast Mineral shade & base, Mink Cast Glass cuff, and Terra frame
