AGAVE

García Cumini

Agave è una collezione ispirata alla pianta omonima, simbolo di eleganza e resilienza, reinterpretata in cristallo veneziano dai designer García Cumini. La sua iconica foglia allungata richiama la tradizione vetraria di Barovier&Toso ed è arricchita dalla tecnica della rugiada, che ne esalta la brillantezza e la texture tridimensionale. Un innovativo effetto sfumato, ottenuto con graniglia di vetro colorato, valorizza ulteriormente il design. Questa lavorazione diffonde la luce in modo dinamico, evocando i raggi solari filtrati tra le foglie dell'agave.

Agave is a collection inspired by the plant of the same name, a symbol of elegance and resilience, reinterpreted in Venetian crystal by designers García Cumini. Its iconic elongated leaf recalls Barovier&Toso's glassmaking tradition and is enriched by the dew technique, which enhances its brilliance and three-dimensional texture. An innovative shaded effect, obtained with coloured glass beads, further enhances the design. This workmanship diffuses light dynamically, evoking the sun's rays filtered through the leaves of the agave.
